

## Litigation

A full end to end managed service that utilises predictive data, proactive contact and strategic legal partnerships to facilitate all aspects of legal collections and maximise cash collections.

- We have DCA call centre capabilities, with multiple collection agents being merged with the legal expertise of a large law firm (Shulmans LLP)
- What makes our service unique is that we text, email and telephone throughout each stage of the process, as opposed to just lettering
- We score each case using our sophisticated Litigation Scorecard to recommend which cases are worthwhile and are more likely to respond to Court action to prevent throwing good money after bad
- Process: LBA > Issue Claim > Claim Served > Request Judgment > Enforce
- We advise on the most suitable Enforcement option and execute accordingly
- As part of this service, we recommend transfer to the High Court wherever appropriate and then provide a panel management service for the High Court Enforcement providers, ensuring optimum compliant performance
