

## Tier 5—International Trace

This is our international trace offering where we work with our worldwide partners to conduct overseas tracing and in some cases collections also.

This service operates differently to our other tiers for numerous reasons:

- Every country has its own laws and legislations
- Every country has its own reporting and charging structure which can differ vastly
- Every country has different turnaround times

Due to these factors the commercials for this solution are determined on a per case basis and are done by quotation.

We can cover EMEA, APAC and NA.
