

Tier 7—Batch Commercial Trace

Similar to Tier 1, this is a batch trace services for commercial accounts, for both Limited, SME and sole trader companies. This is a sophisticated trace product that provides new information for making contact with businesses or key individuals in the business. Included in the returned data sets:

- Registered address and trading addresses of the business
- Director detail information
- Shareholder detail information
- Company website, phone numbers and email addresses
- Company credit limit/worthiness
- Mortgage information
- Parent company information
- Adverse information against the business

This product is a per search tool as we will always be able to provide our client some information on the businesses. It is low cost, fast turnaround and designed for volume accounts in bulk. It provides substantial collection information if you are pursuing debts from businesses or commercial entities.
